

CHART 8520

Stream No. 26 (2 notices)

There is a long, narrow lagoon here. It is shallow, and only 2 feet water in entrance on a 9-foot tide at high water. It measures at head of lagoon 10 feet wide and 5 inches deep. Has a rough, bare, broken rock bottom.

August 28, 1926.....20 humps here; dead and alive.
No visit since then.

Allowance of 100 fish each year since 1926.
